It is played by having teams aiming to score goals by throwing a ball into the opponent's net or knock down a set of boards. For our beginner level, participants will be in the **SHALLOW** end of the pool, where ideally the participant is able to touch the bottom and walk, however some swimming may be required. **\*\*Swimming Skills:** Since water polo is played in a pool, swimming is a core skill. Beginners should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling. **\*\*Basic Strategies:** Water polo is a game that requires both individual skills and team tactics. Beginners will focus on learning to handle the ball with one hand and develop a keen sense of awareness for both their teammates' positions and the opponents' strategies.

For our advanced level, participants will be in the **DEEP** end of the pool, and requires participants to be comfortable and able to swim in deep water and tread for longer periods of time.\*\*Swimming Skills: Since water polo is played in a pool, swimming is a core skill. Advanced Players should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling.
