Try It Saturday - Water Basketball (10+)

Date and Time: Saturday, June 8 3:00 pm - 4:00 pm

Address: BWG Leisure Center

Water basketball is an aquatic team sport that combines the principles of basketball and water polo, played in a swimming pool. Teams will aim to pass a ball back and forth and score by shooting it into a floating basket. The sport emphasizes team work, as players must coordinate to create space and passing opportunities. Teams employ various defensive strategies like zone or man-to-man defense to impede the opposing team's scoring opportunities.

Similar to traditional basketball, water basketball has positions such as guards, forwards, and a center. However, the fluid nature of movement in the water often leads to a more dynamic position play. The buoyancy of water provides support for people with limited mobility or joint issues, making it an inclusive sport for participants of various ages and abilities. The game provides a combination of cardiovascular exercise and strength training, as players engage multiple muscle groups and improve overall fitness through constant movement and resistance of the water. Water basketball contributes to the diversity of aquatic sports, providing a spirited and engaging team experience that highlights cooperation, strategic thinking, and athletic ability in a unique aquatic environment.

**Swimming Requirements: Swimmers must be comfortable swimming in both deep and shallow water.

For our advanced level, participants will be in the **DEEP** end of the pool, and requires participants to be comfortable and able to swim in deep water and tread for longer periods of time.**Swimming Skills: Since water polo is played in a pool, swimming is a core skill. Advanced Players should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling. Date and Time: Sunday, June 23 3:00 pm - 4:00 pm

Address: BWG Leisure Center

Join us on Sunday June 9, 23 & 30 for beginner and advanced try it waterpolo!

Water polo is a team sport that combines elements of swimming, soccer, and basketball. It is played by having teams aiming to score goals by throwing a ball into the opponent's net or knock down a set of boards. For our beginner level, participants will be in the **SHALLOW** end of the pool, where ideally the participant is able to touch the bottom and walk, however some swimming may be required. ****Swimming Skills:** Since water polo is played in a pool, swimming is a core skill. Beginners should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling. ****Basic Strategies:** Water polo is a game that requires both individual skills and team tactics. Beginners will focus on learning to handle the ball with one hand and develop a keen sense of awareness for both their teammates' positions and the opponents' strategies.

For our advanced level, participants will be in the **DEEP** end of the pool, and requires participants to be comfortable and able to swim in deep water and tread for longer periods of time. ****Swimming Skills:** Since water polo is played in a pool, swimming is a core skill. Advanced Players should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling. Players will learn about strategies, enhanced techniques and communication skills needed to play the game.

Date and Time: Sunday, June 30 3:00 pm - 4:00 pm

Address: BWG Leisure Center

Join us on Sunday June 9, 23 & 30 for beginner and advanced try it waterpolo!

Water polo is a team sport that combines elements of swimming, soccer, and basketball. It is played by having teams aiming to score goals by throwing a ball into the opponent's net or knock down a set of boards. For our beginner level, participants will be in the **SHALLOW** end of the pool, where ideally the participant is able to touch the bottom and walk, however some swimming may be required. ****Swimming Skills:** Since water polo is played in a pool, swimming is a core skill. Beginner should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling. ****Basic Strategies:** Water polo is a game that requires both individual skills and team tactics. Beginners will focus on learning to handle the ball with one hand and develop a keen sense of awareness for both their teammates' positions and the opponents' strategies.

For our advanced level, participants will be in the **DEEP** end of the pool, and requires participants to be comfortable and able to swim in deep water and tread for longer periods of time. ****Swimming Skills:** Since water polo is played in a pool, swimming is a core skill. Advanced Players should be proficient swimmers as the game requires moving quickly through the water, sometimes using a technique known as the 'eggbeater kick', which provides stability and support to free the arms for ball handling. Players will learn about strategies, enhanced techniques and communication skills needed to play the game.
