### York Simcoe Nature Club presents Winter Survival in the Insect World

Date and Time: Tuesday, December 12 7:30 pm - 9:00 pm

Address: 18794 Leslie St, Sharon On L0G 1V0

Established in 1999, York Simcoe Nature Club is a group of people who share an interest in natural history and conservation. Our club serves Aurora, Newmarket, East Gwillimbury, Bradford West Gwillimbury, and King Township.

Our general meetings and speaker presentations are on the second Tuesday of the month, 7:30 p.m. to 9 p.m. Meetings are held at St. James The Apostle Anglican Church, 18794 Leslie St, Sharon, ON

Our December Speaker is Rosemary Martin from the University of Toronto presenting Winter Survival in the Insect world.

Come Join the us as we cultivate an appreciation of nature through learning and action.

### Traffic Mitigation Strategy Public Information Centre (PIC) #2

Date and Time: Wednesday, December 13 6:00 pm - 8:00 pm

Address: Library and Cultural Centre - 425 Holland Street W

The Town of BWG is developing a Traffic Mitigation Strategy to help address existing traffic concerns in BWG and support safer and more livable streets for all users.

#### How Residents can Participate:

We understand that the people who live, work, and play in BWG have the best understanding of current traffic concerns as well as opportunities on how to address these concerns. The Town would like to hear your ideas at the in-person Public Information Centre (PIC) which will be held as follows:

- **When: Wednesday, December 13th from 6:00 PM to 8:00 PM**
- **Where: Zima Room at the Library and Cultural Centre – 425 Holland Street W, Bradford, ON L3Z 0J2**

The purpose of this PIC is to provide information about the project, gather feedback about traffic concerns and potential traffic measures, and explain next steps. During the PIC, display boards will be provided for attendees to review and provide comments and the project team will be available to answer questions and further discuss the project. If you are unable to attend the in-person PIC, we encourage you to:

- Review the display boards online following the PIC at the study website:
- Provide comments through the project website following the PIC

Reach out to a member of the project team with comments or questions:

Paul Dubniak
